A fantastic opportunity to join a team of senior leaders and school determined to become world class in all that we do! Are you seeking a substantial whole school leadership role and to join a school team that is rapidly moving forward? Can you bring drive, enthusiasm and a genuine passion for teaching young people to our school? Are you committed to each and every child having a happy and successful education?

Durrington High School is one of just 22 national Research schools and a number of staff and teams are recognised both locally and nationally for the work they do. Our School Centre for Initial Teacher Training (SCITT) recently graded as Outstanding has brought another dimension to our work. Company leaders have significant responsibility within the school and genuinely do change the lives the young people they work with. Our student population is divided into seven companies, each led by a Company Leader and their team. As a dynamic team of leaders, we are excited about how we continue to develop the school and improve the learning and life chances of our students.

As a trust, we understand the importance of looking after our staff. From a rich and varied internal CPD program (led by our research school team) to the externally accredited NPQSL/ML we invest heavily in staff, our most valuable resource. We pay above national scales and staff have access to an excellent well-being package as part of their contract. We place high regard on recruiting and retaining excellent staff to ensure all students achieve beyond their expectations. We have an excellent track record of recruiting, retaining and promoting our best staff; will you choose to be part of our future success?

If you can bring something special to our team, we want to hear from you now!
