

I am delighted to share our excellent recent OFSTED visit report; 22 March 2017. As ever we are so proud of our students and you will see many of their strengths and successes are highlighted in the report. Your continued support is a key factor in our success as a school so that we can give your children the best possible education. As you know, we have an amazing staff team of highly skilled professionals who constantly 'go beyond their best, go that extra mile/s' to give your children what they deserve. Many of you wrote in during the inspection to pass on your thanks, which means such a lot. Our last whole school OFSTED inspection was in June 2010 and as you are aware, our school has improved year on year since then. There have also been many changes in the way in which inspections are carried out and for good schools, such as ourselves, the new system focuses on short inspections; (a snapshot based on prior data) with two inspectors spending a day in school. I have chosen a selection of key quotes from the report which we should all be proud of and they are representative of what every student, parent, staff or governor would want for their school.
