

Dear Parent/Carer

Year 11 – Virtual Learning Environment (VLE)

As you will be aware your child will be sitting their mock exams in all GCSE subjects from Monday 4 December 2017. Some practical mock exams have already taken place as they require a longer time period to complete the set tasks.

As the students are currently revising and preparing for their exams, I would like to take this opportunity to remind you of the many resources that are on our school Virtual Learning Environment (VLE) to enable them to work independently to revise and prepare for their exams properly.

The VLE has been built by teachers at Durrington High School so the resources on there are relevant to the courses that your child is currently studying.

When a student logs into our “Connect” system, they can also access a “resources” section. Within this section, they will find resources that are relevant to the exams they will be sitting before Christmas.

To access these resources in school, they simply logon to the computers as normal and click on the “Connect icon” and go into the resources folder.

To access this information out of school, students should go to the school website and click on the following icon:

The following link will take you to the Durrington High School website:

<http://durringtonhighschool.co.uk/>

If you have any questions about our VLE, please do not hesitate to contact me at the school.

Yours sincerely

Mr P Kelly
Assistant Headteacher
