Dear parent/carer,

Re: Company Team and Tutor group allocations 2020-2021

As we reach the end of the academic year, we have been undertaking significant planning ahead of the full return to school for all pupils in September. We are extremely grateful for the continued support that you as parents and carers have shown us throughout the year. We continue to value the strong relationship that we have with you and this has been invaluable in helping us address the challenges presented over recent months in supporting your children, our students. We are really looking forward to welcoming all our students back in September.

In order to support a smooth start to the new academic year, we wanted to share the allocation of tutors and company teams with you in advance of the anticipated return in September. Please note that where there has been a change of tutor, the previous tutor group name is highlighted in brackets and in red. As is often the case at the end of an academic year, there are some changes to the company leadership teams and the allocation of tutors. This is often to due changing roles within school and also some colleagues moving on to fresh challenges at other schools or relocating.

Please note that in order for us to adhere to the guidelines published by the Government, student classrooms and form rooms will be different in most cases to ensure that they are located in their year group bubble. Sharing this information in advance will support a smooth start for your son/daughter so that they know where to go. Wider information regarding the wider opening of the school was shared in a letter to parents on Monday 13 July from Mr Woodcock. Please share both these letters with your child to support their return.

Thank you again for your support and we wish you and your family a safe and restful break.

Yours sincerely

Mr J Fuller
Deputy Headteacher
