Y10 Careers Worksheet — *Take this home*

This week you will hear about some of your post-16 options so you can start planning what your education after DHS might look like. Use the videos today alongside this worksheet and class discussion, to identify and think about the different types of further education available to you.

At the end, fold this into your information sheet and keep them safe. Use them to help you consider your options over the summer. Come back in Y11 with a plan that you can continue to work on.

After watching each video and discussing, think about how that style of further education might apply to you. Could you do it? Would you enjoy it? Could it get you where you want to go? Write your thoughts below.

Level 3 Courses (A-levels, L3 BTEC, Usually a mixed set of 3 courses)	
Why might I choose this?	Why might I not choose this?

Vocational Courses (BTEC Diplomas, Single courses, practical, work focussed)	
Why might I choose this?	Why might I not choose this?

Apprenticeships (Getting a job and getting qualified by doing that job—Not only now but after college too)	
Why might I choose this?	Why might I not choose this?
